

kastle:Person

kastle:hasFeeling

kastle:Feeling

```
graph LR; A[kastle:Person] -- kastle:hasFeeling --> B[kastle:Feeling]
```

The diagram illustrates a directed relationship between two entities. On the left, a yellow rectangular box with a black border contains the text 'kastle:Person'. A horizontal arrow points from this box to a second yellow rectangular box with a black border on the right, which contains the text 'kastle:Feeling'. Above the arrow, the text 'kastle:hasFeeling' is written, indicating the property or relationship connecting the two entities.
